REPORT ON PERSON TO PERSONALITY – AN INTERVIEW WITH IT PROFESSIONAL

Title of the Event	Person To Personality – An Interview with IT Professional
Date	10-08-2024 Saturday 11:00 am to 12:30 pm
Venue	Board Room
Organized by	Esoteric IT Club – Department of Computer Science
Resource Person	Name: Pramod Walvekar Designation: Vice President, Head of Operations, Birlasoft
Target Audience	IT Aspirants
Report Prepared by	Mrs Madhushree B S Ms Asha H Assistant Professor Esoteric Coordinators

Event Overview:

The Esoteric – IT Club from Department of Computer Science organized an event, "Person to Personality", where two students had the opportunity to interview a renowned IT professional. The event aimed to provide valuable insights and experiences from the guest's perspective, catering to the aspirations of young students seeking a career in the IT field.

Guest Profile:

Our guest was Pramod Walvekar, a highly accomplished IT professional, who has close to 25 Years of Strong IT experience with multi-faceted roles involving Delivery, Business Development & Operations. Throughout their career, they have worked with prominent organizations and contributed significantly to the development of innovative technologies.

Interview Highlights:

The interview, conducted by two students, Shreya, final year BCA and Ananya P, second year BCA, covered a range of topics, including:

1. **Career Path and Experiences**: The guest shared their journey, from their early days in the IT industry to their current role. They highlighted key milestones, challenges, and lessons learned along the way.
2. **Industry Trends and Future Outlook**: The guest discussed current trends in the IT sector, such as artificial intelligence, cloud computing, and cybersecurity. They also shared their predictions for future developments and the skills required to succeed.

3. **Advice for the Young Generation**: The guest offered valuable advice to students seeking a career in IT, emphasizing the importance of staying updated with industry developments, developing problem-solving skills, and building a strong network.
4. **Challenges and Solutions**: The guest shared their experiences with overcoming obstacles and challenges in their career, providing insights into effective problem-solving strategies and the importance of adaptability.

Key Takeaways:

The interview provided a wealth of knowledge and insights for the students, including:

1. The importance of continuous learning and skill development in the ever-evolving IT industry.

2. The value of networking and building relationships within the industry.

3. The need to stay adaptable and open to new challenges and opportunities.

4. The significance of soft skills, such as communication and teamwork, in addition to technical expertise.

Outcome:

The "Person to Personality" interview with the IT professional was a resounding success, providing students with a unique opportunity to learn from an industry expert. The event was completely recorded, and the full transcript will be printed in the Club Magazine – Verve. This interview session not only inspires and motivates students but also equips them with practical advice and insights to navigate their own careers in the IT field. The Department of Computer Science looks forward to organizing similar events in the future, fostering a platform for knowledge sharing and growth.
